

August 2026

Dear Parents:

The Greybull Recreation District will continue to offer Intramural Soccer for all children ages four to nine. Age will be determined by the child's age as of August 1, 2026. The program will begin during the first week of September. After registration is complete, participants will be divided into teams and notified of practice dates and times.

Intramural practices are generally held on Tuesday and Thursday evenings, **soccer practices will conflict with other programs**; particularly intramural football. Please make note of this. This year the Basin Recreation District will be running a soccer program, we encourage Basin residents to register through Basin Recreation.

Due to the complexity of mixing up teams and creating schedules, signed waivers and payments must be turned into the Recreation Office **no later than Tuesday, September 1 at 12:00 pm**. Registrations will not be accepted after September 1st.

Participants must have their waiver signed and **returned to the Recreation District Office** before they will be allowed to participate in this activity. The Recreation District will order a soccer ball for players interested in having one to practice with at home. The fee is \$6 per ball. If you would like a ball, please check yes on the registration and pay the additional \$6. Balls will be ordered after the first week of practice.

If your child has any of the following symptoms, please keep them home: fever, cough, headache, fatigue, chills, loss of taste or smell, shortness of breath, nausea diarrhea or abdominal pain. If your child has been medicated for any of these symptoms in the past 72 hours, please keep them home.

The Greybull Recreation District offers need based scholarships for programs on a first come, first serve basis. Please contact the office for more information. If you have any questions or would like to help coach, please call 765-9575, email: greybullrec@gmail.com or stop by the Recreation Office at 527 1st Avenue South.

There will be NO drinking stations or restrooms at the field. **Please send labeled water bottle with your player to each practice and use the restroom at home.** The use of sunscreen and bug spray are also recommended.

Thank you for your assistance.

Sincerely,

Heather Howe
Director
